

FOR IMMEDIATE RELEASE

THERMALRITE'S WALK-IN REFRIGERATION AWARDED FOODSERVICE EQUIPMENT & SUPPLIES BEST IN CLASS BY CONSULTANTS

MINNEAPOLIS, MN – ThermalRite, the leading manufacturer of sectional walk-in coolers and freezers foodservice professionals depend on, announced today that its walk-in refrigeration earned the distinction of *Foodservice Equipment & Supplies'* title of Best in Class among foodservice consultants.

“ThermalRite has been dedicated to providing reliable walk-in refrigeration to foodservice professionals for decades. Our ability to provide custom sizes at standard prices as well as our Extreme Makeovers on any manufacturer’s walk-in have provided welcome solutions for foodservice professionals who value our expertise and affordability,” states Vice President of Sales & Marketing, Jim McCullough.

To determine which foodservice equipment and supplies manufacturers were judged to be Best in Class, *FE&S* partnered with an international research firm to ask its subscribing foodservice operators, dealers and consultants to evaluate equipment and supplies manufacturers on seven critical characteristics that impact their purchasing decisions. The seven performance factors measured in the study are:

- Product quality
- Product value
- Product design and aesthetics
- Service and support
- Sales representation
- Product inventory and availability
- Product information and availability

ThermalRite has four strategic locations nationwide to keep your freight costs down - the only sectional walk-in cooler manufacturer with 4 plants, coast-to-coast, in the USA. Since freight is a major portion of the total cost of your walk-in, it pays to ship from a well-located manufacturing facility. This means your cooler will travel a shorter distance for delivery, keeping your freight costs lower.

ThermalRite manufacturing facilities are located in Ontario, CA; Olive Branch, MS; Winnebago, MN; and Greenville, TN. We'll work with you to find the most cost effective freight option.

SEE HOW THERMALRITE CAN MEET YOUR NEEDS

At ThermalRite, we have a simple mission: Listening to the needs of you, our customer, then meeting your needs with honesty, an unsurpassed level of service, and the finest quality sectional walk-in coolers and freezers in the foodservice industry.

Our experienced representatives and dealers will work with you to determine exactly what you need by walking you through a series of easy steps to help decide your specifications, your time line, and your expectations.
